19:00 - 20:30	<i>Movie screening - Climate Refugees; Event organized by Hållbart Universitet</i>	Josephson - Room Ostrom (3rd floor)

**LUMES Alumni conference 2017 – Program
Day 2 (May 19)**

Time	Activity	Location
08:30-09:00	Registration and Coffee	Wrangel 1st floor, Josephson 3rd floor and outside
09:00-10:30; Session 3	Workshop or Seminar: 'Post-growth economies for sustainability (Convener - Jennifer Hinton)	Wrangel library (2nd floor)
	Research presentations # 3 (see page 5 for details)	Josephson - Room Ostrom (3rd floor)
	Workshop: 'What does it mean to 'fail'? Discussing unsuccessful student-led sustainability projects' (Convener - Rebecca Laycock)	Wrangel 117 (1st floor)
	Workshop: Complementarity between methods and tools in Sustainability Science and Economics. (Convener - Alejandro Eiguez)	Wrangel 116 (1st floor)
	Project presentations # 3 (see page 6 for details)	Josephson - Room Maathai (3rd floor)
	Project presentations # 4 (see page 7 for details)	Josephson - Room Carson (3rd floor)
10:30 - 11:00	Coffee break	Wrangel & Josephson (LUCSUS)
11:00 - 12:30; Session 4	Research presentations # 4 (see page 5 for details)	Josephson - Room Ostrom (3rd floor)
	Workshop: Sustainability Science and Dialogic Organization Development: What sustainability scientists can learn from organizational change theory. A presentation on approaches and a chance to practice a few tools. (Convener - Kaitlin Almack)	Josephson - Room Carson (3rd floor)

	Workshop: From 11:00 - 12:00 - Part I on "You wanna work for the EU 'Interactive workshop" AND from 12:00 - 12:30 - Part II on "How to build a website ? (and manage it yourself)" (Convener - Sebastian Munteanu)	Wrangel 116 (1st floor)
	Workshop: Connect, inspire and learn: How to strengthen our LUMES Alumni Network (Convener - Lars Holländer and Sanne Ragers)	Wrangel library (2nd floor)
	Project presentations # 5 (see page 7 for details)	Josephson - Room Maathai (3rd floor)
	Panel discussion: Alternative energy futures - What is the energy future we want to build and how do we get there? (Convener - Helen Steiniger)	Josephson – Room Wägner (3 rd floor)
	Panel discussion: Challenges to environmentalism in the age of Trump (Convener - Henrik Thorén & Chad Boda)	Wrangel 117 (1st floor)
13:00 - 14:00	Lunch break (around Lund, please note that this is not catered)	
14:00 - 17:30 - additional workshops	Workshop (14 - 17:30): Mission possible: gamification as a new smart tool to increase public participation and contribution to building "bottom-up" sustainable cities (Convener - Anna Arakelyan); Participants - Please bring your own computers	Josephson - Room Carson (3rd floor)
	Workshop: energy transition in a world of unlimited energy - the challenge of creating an energy system that is fit for the future in the absence of traditional drivers (Convener - Michael Benson)	Wrangel 117 (1st floor)
	Workshop (part of Sustainability Week): Milking mother earth: discovering the complex connections between gender and sustainability. (Convener - Brynn Szukala)	Wrangel library (2nd floor)
18:00 – 02:00	THE BIG LUMES PARTY - Games, Dinner, Music, Comedy & Dancing	
		Mejeriet, Lund

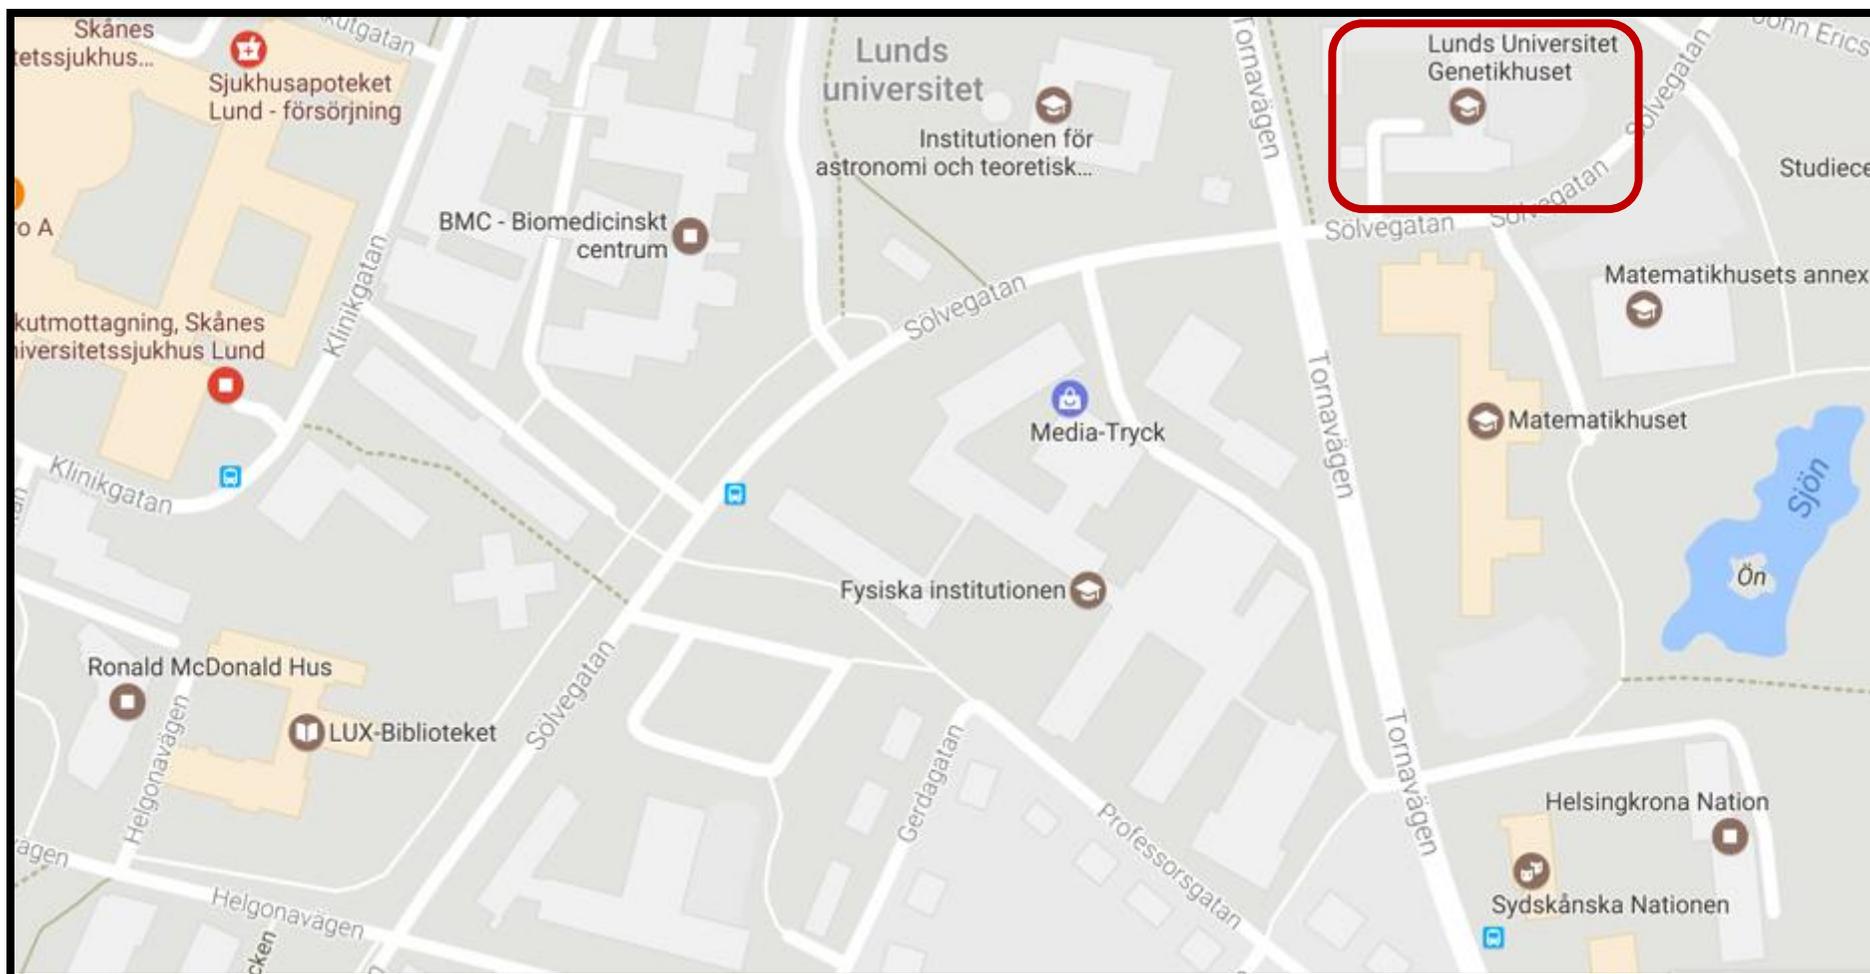

Research presentations – All in building Josephson, Room Ostrom (3rd floor)		
Time	Presenter	Title
Research presentations 1 (Thursday 11-12:30)	Shona, Jenkins (chair)	Exploring participatory community development in peri-urban Ghana: Common failures of bottom-up and top-down participatory development
	Sara Gabrielsson	Water and sanitation as an entry point to women's empowerment and livelihood transformation in rural Tanzania
	Daniel Jiro Ayala (chair)	Biodiversity investigations involving a combination of 'old-school' and more modern techniques in concert, and more recently on trying to save the critically endangered European eel.
	Ruth Marguerite Kruger	Dam(n)ing justice: environmental justice in the Grand Inga Project
Research presentations 2 (Thursday 14-15:30)	Rebecca Laycock (chair)	Using Participatory Action Research with Episodic Volunteers: Learning from Urban Agriculture Initiatives
	Alejandro Eguez	Energy performance certificates: their role and limitations to bridge the energy efficiency gap.
	Stefan Partelow	A sustainability agenda for tropical marine science
Research presentations 3 (Friday 9-10:30)	Erik Daugherty (chair)	"Introducing High-Performance Home Construction in Nashville Tn Lessons Learned, Testimonials, Data, Carbon Reduction Potential"
	Nabila Zouhiri	Due process / human rights of irregular migrants: challenge to sustainable development
	Pia Buschmann	Rethinking 'barriers' to mitigation with theories of power: The case of lock-ins in the German energy transition
	Chad Boda	The beach beneath the road: Sustainable coastal development beyond governance and economics
Research presentations 4 (Friday 11-12:30)	Sara Gabrielsson	Rushing into solutions without grasping the problems - The value of sustainability science for improving sanitation services in East Africa
	Theo Aalders	"Thicker than blood - resisting the emerging oil industry in northern Kenya"
	David Lam (chair)	Scaling local initiatives in sustainability transformations: A classification of amplifying and enabling processes
	Kai Kuhnenn	Degrowth in movement(s) - 32 ways toward a social-ecological transformation

Project Presentations – All in building Josephson 3rd floor, Room Maathai or Carson

Time & Location	Presenter	Title
Project presentation 1 (Thursday 11-12:30); Josephson - Room Maathai (3rd floor)	Courtney Dahl (chair)	A Montessori Foundation for Environmental Education
	Akinwale Aboyade	Challenges to improving energy access in Southern Africa
	Christoph Aberle	"The Bike Heat Map" – How we use data to improve urban cycling.
Project presentation 2 (Thursday 14-15:30); Josephson - Room Maathai (3rd floor)	Juozas Abaravicius	NORDBALT Project - building energy bridge between Lithuania and Sweden
	Theo Haris (chair)	The LIFE Programme of the EU
	Jurijs Kondratenko	Pioneering the use of sustainable urban drainage systems in the city of Riga. The work deals with technical as well as institutional issues
	Evelin Piirsalu	Marine Waste in the Baltic Sea (BLASTIC project)
Project presentations 3 (Friday 09-10:30); Josephson - Room Maathai (3rd floor)	Camille Gil	Convergence of struggles & the "ZAD" of Notre dame des landes: a means to an end or a starting point for political dynamics?
	Johannes Brossmann	Living degrowth - A transformative endeavour, Investigating practices, motivations and challenges of living for a new era
	Pau Bosch	How to get support from people and create public opinion to defend the environment
	Tina Nyfors (chair)	A deep connection to earth - one year in New Zealand
	Tim Taylor (chair)	Catalysing Sustainable City Projects

Project presentation 4 (Friday 09 - 10:30); Josephson - Room Carson (3rd floor)	Lasse Brand	From planning for the car to planning for people: Sustainable Urban Mobility Plans in European cities, are we getting there fast enough?
	Takehiro Kawahara	Frontier Market Outlook - Powering Next 1 Billion People
	Oleg Izyumenko (chair)	Crowdfunding for Solar Energy in Africa - Fighting poverty and climate change at the same time: an online crowdfunding platform that invests people's savings in small-scale solar energy projects in rural areas of Uganda, Kenya and Zambia
	Edwin Malagón	Sustainable energy in action.
Project presentation 5 (Friday 11-12:30); Josephson - Room Maathai (3rd floor)	Emily Norford	The role of cities and food in sustainability transitions (TBC)
	Luka Traven	A critical analysis of the idea of circular economy, especially in relation to the waste management practices that are being promoted under this EU policy package.
	Anna Danyliak (chair)	The cost of "cheap" protein: Cases of Ukrainian rural communities' opposition to industrial animal farming.
	Eva Wiesemann	Developing climate adaptation measures with the local community in disadvantaged urban neighborhoods - Experiences from the project KiezKlima, Berlin

Here is a map over the Lund University area where the Genetikhuset (Sölvegatan 29) is located – the venue for the Registration and Keynote Speeches on Thursday, May 18

And here is a map over the Lund University area where LUCSUS (Biskopsgatan 5) is located

How to find Mejeriet (Stora Södergatan 64) and the party on Friday night
